Follow us on:

American Security Cabinets sets the standard for secure, large-capacity returns. Manufactured in Sauk Rapids, Minnesota, our Drops Boxes are designed with package safety in mind. From double locking access doors with cam locks and anti-pry door jambs, to our anti-phishing technologies, no other drop boxes can compare.

This low-maintenance Donation Bin is used to collect clothing, shoes, sports equipment, cans, or other items. This Donation Bin (M1210) comes with a depressible floor that slowly lowers as more items are dropped in so they don't have as far to drop down into the cabinet.
