Follow us on:

American Security Cabinets sets the standard for secure Ballot Drop Boxes. Manufactured in Sauk Rapids, Minnesota, our Ballot Drops are designed with ballot safety in mind. From double locking access doors with cam locks and anti-pry door jambs, to our anti-phishing technologies, no other drop boxes can compare.

Thousands of State, County, and Local Election Officials trust American Security Cabinets for a safe and secure ballot drop box including LA County, The State of New Mexico, Sacramento County, The State of Connecticut, The State of New Jersey & many more.

ASC believes the attached document will demonstrate our industry leading ability to support your project with secure, safe, cost effective ballot drops.

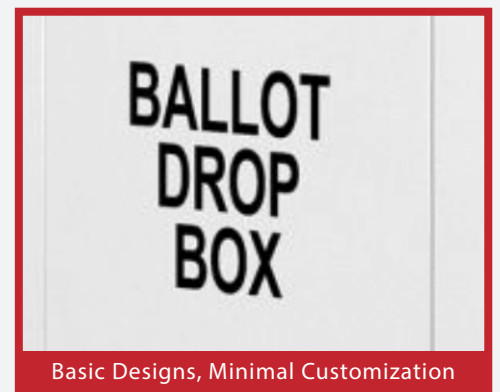

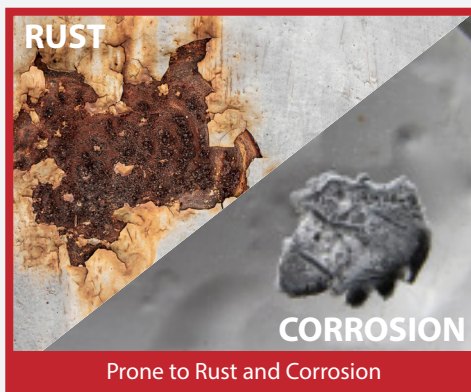

AMERICAN SECURITY CABINETS

- Restricted chute openings - protects the ballots from phishing and vandalism
- Double locking access doors with two keyed brass cam locks
- Anti-pry door jam
- Internal anchors
- Custom signage included
- Easy installation in under 30 minutes with anchor bolts included
- Non-perishable material - Lifetime warranty on Steel
- Collection Tote included – no crawling on hands and knees to retrieve ballots
- Brushed Stainless Steel
- ADA compliant

COMPETITION

- Ballots are exposed and easily accessible every time the chute is open.
- Easily pry-able door jams
- Single locking access doors with padlocks that are easily cut off with a bolt cutter
- Exposed anchors
- Limited color and customization
- Painted aluminum/steel with no warranties covering corrosion. Perishable material - eventually rusts/corrodes
- Additional modifications needed to be ADA compliant
- Installation usually requires an outside contractor and additional equipment
- Collector often must get on hands and knees to dig in to the drop box to collect ballots with no totes.

Product Features

KIOSKS

- 18-gauge heavy duty brushed stainless steel (Lifetime warranty against rust through corrosion)
- Two all brass-works registered locks with double-bitted keys (keys that cannot be copied)
- Anti-pry door jamb
- Restricted opening to eliminate unwanted materials to be deposited or retrieval of collected materials.
- Hand-assembled in US with 100% American made steel
- Downward sloped entry to protect ballots from rain and other liquids
- Weather resistant features such as weather stripping, rain shields, tapered tops, and more.
- The sealed all metal design is designed to be fire resistant

INSTALLATION

- Ballot Drop is delivered fully assembled
- Four (4) Anchors for mounting are included with instructions for easy installation. Installation times often less than 30-minutes.
- Most products are easily moved with a hand truck
- Turn-Key installation quote available upon request

COMPLIANCE

- ADA Title II and Title III compliant
- Compliant with California Vote-By-Mail Ballot Drop Regulation 20132
- Matte vinyl signage customized to your requirements (California requirement)
